

IEMA Environmental Sustainability

The IEMA 'All Jobs Greener' suite of courses covers a range of easily accessible and business-applicable subjects, including the main environmental risks and opportunities facing organisations, the importance of resource efficiency and the impacts of pollution, to more strategic discussions that may affect an organisation's ability to do business in the long term. Crucially, the courses also focus on how environmental sustainability can create new sources of value. RRC provides the IEMA 'All Jobs Greener' courses for in-company classroom delivery throughout the world.

IEMA Certified Environmental Sustainability Skills for Managers

This IEMA certified course provides supervisors and managers with a strategic and operational overview of environmental sustainability as it affects their specific industry and work area. The course is ideally suited for supervisors and managers across all sectors.
